I. Authorship contribution

The authors declare that they:

- (1) Agree to the author proposed for the corresponding author;
- (2) Agree to the number of authors for the article and the order of their presentation;
- (3) Have contributed significantly to the work identified hereinabove, following the Recommendations for the Conduct, Reporting, Editing, and Publication of Scholarly work in Medical Journals by the International Committee of Medical Journal Editors – ICMJE, namely (specify the individual contribution of each author to the article – e.g. bibliographical search, study design, data collection, analysis and interpretation of results, drafting of the article, critical reviewing of the content of the article, etc.)
